

Justin Mark

Fast Entrepreneur

SPEAKER ONE-SHEET

> "Faith-driven entrepreneur building businesses with AI — in public."

SIGNATURE TALKS

01 Faith-Driven Entrepreneurship in the AI Age

- Why conviction is a competitive advantage when everyone has the same tools.
- A practical framework for letting faith shape business decisions.
- What building in public actually costs — and what it returns.

02 AI That Actually Works

- The 25 tasks to hand an AI assistant first, shown live.
- Where small businesses waste money on AI — and the cheap fixes.
- A 30-day plan to put one AI workflow into real operation.

03 Building in Public: The Machine & Me

- What happens when one person plus AI runs a whole media operation.
- The systems behind daily content across YouTube, with zero staff.
- Honest numbers: what worked, what flopped, what's next.
